

CERTIFICATE OF WARRANTY

GATE HARDWARE 10-YEAR LIMITED WARRANTY

Central Fence Supply warrants that its gate hardware products will remain free from defects in materials and workmanship and will not structurally fail under normal use for a period of 10 years from the date of installation.

This warranty applies to all Central Fence Supply hardware products.

This warranty applies only to the original purchaser and is not transferable.

WARRANTY COVERAGE

Central Fence Supply warrants that its gate hardware products will not experience structural failure due to manufacturing or material defects. Structural failure refers to breakage, fracture, or permanent loss of intended function that occurs under normal usage conditions.

Factory-applied coating and finishes are warranted against cracking, peeling, and blistering when failure results in loss of corrosion protection.

Normal usage does not include damage caused by impact, force, overloading, gate automation, or misalignment due to inadequate gate support.

WHAT IS NOT COVERED

This Limited Warranty does not apply to damage caused by improper installation, misuse, impact, or alterations to the product after purchase. Cosmetic wear such as scuffs, scratches, and minor oxidation that does not affect performance is not covered. Environmental factors such as chemical exposure, fertilizer overspray, or pool environments are excluded.

Labor, removal or reinstallation costs, freight, disposal, or service fees are not included.

Any failure caused by extreme weather events or Acts of God — including tornadoes, hurricanes, flooding, earthquakes, fire, or wind beyond typical conditions — is not covered.

Use of non-Central Fence Supply components in conjunction with this hardware voids this warranty.
